

## Jo Best

News Editor, silicon.com

Jo Best is silicon.com's news editor, managing the site's news coverage and contributing stories across a range of technology subjects.

Jo has worked for CBS Interactive since July 2003, both for silicon.com and for ZDNet Australia, where she covered the tumultuous Australian broadband and mobile environment, and has previously worked as a copywriter.

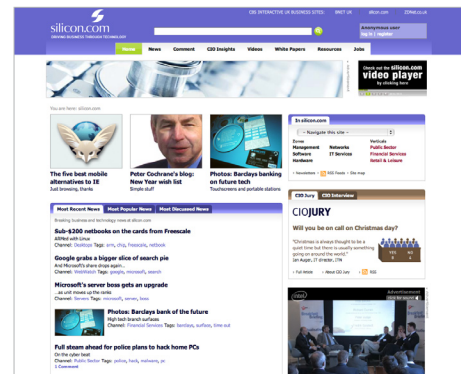

### Areas of expertise

- Communications
- Emerging technology trends

## About silicon.com

**silicon.com** ([www.silicon.com](http://www.silicon.com)) is the leading UK website for senior IT and business decision makers seeking to assess and understand how technology can drive their business forward. Delivering top stories, breaking news and leading commentary and analysis, silicon.com provides context and strategic insight into the key issues influencing how businesses use technology today.

silicon.com creates a common language for its audience that enables understanding of technology in terms of results. Our users consider the website an essential business resource which they rely on to make the decisions that shape their IT strategies.
